The Action For Equity (A4E) multi-phase model is designed to help you build equity and sustainability at the highest levels of your academic course offerings. A4E is your road map to ensuring that your students, particularly low-income and students of color, have access to and success in your most academically intense high school programs.

**SUSTAIN EQUITY**: Designed for partners who are prepared to take nearly full ownership of the process for closing, and keeping closed, opportunity gaps in AP/IB participation, with remote thought-partnership and support from EOS.

**INTRO**
After having completed the initial intensive phases of the partnership, 85% of partners continue accessing EOS tools, analysis, and thought-partnership.

By this phase in a district’s equity journey, partners have developed the internal leadership and capacity to sustain their focus on opening access and creating conditions for success for low-income and students of color in AP/IB/AICE coursework.

**EXPERTISE**
The EOS team provides each district and school partner with the customization and remote support needed to maintain and build on your progress to date. We ensure timely and accurate delivery of your tools and data, monitor your progress, and make strategic recommendations on the optimal use of your tools.

**PARTNERSHIP**
EOS equips you with the information and guidance needed to ensure your low-income and students of color continue to have equitable access and success in your highest level courses.

**VALUE**
Maintaining education equity requires ongoing monitoring of participation trends and strategically recruiting students who might otherwise be overlooked for this opportunity to experience a rigorous academic environment. Students are 10-15% more likely to graduate from a 2- or 4-year college if they have taken an AP/IB course. Likewise, they are 25-35% more likely to graduate college if they’ve taken and passed an AP/IB exam.

**WEBINARS**
All partners at this engagement level are offered school-level strategy planning webinars timed to coincide with key data shares:

- Setting goals and reviewing fall data
- Strategizing impactful outreach
- Evaluating progress and identifying additional strategies for outreach, belonging-rich environments, and enrollment
STANDARD TOOLS & RESOURCES

FALL STUDENT SURVEY & STAFF SURVEY/RECOMMENDATIONS: The Fall student surveys and staff recommendations serve as our seminal data collection tool and are required for the creation of most EOS products, including Outreach Lists and Student Insights Cards.

ATTRITION REPORT: An analysis of attrition rates by demographic group and AP/IB/AICE experience level, which can be used to evaluate the effectiveness of supports and maximize ongoing enrollment.

STUDENT INSIGHT CARDS: Student-level profiles that visually provide key insights into student interest, motivation, learning mindsets, academic and performance assets, barriers, and staff advocates.

OUTREACH LIST: This list of rising 11th and 12th graders is identified by EOS' proprietary modeling to highlight low-income and students of color who could benefit from AP/IB/AICE participation.

OUTREACH AND ENROLLMENT TRACKER: A system that allows schools to execute against and track outreach activities leading to equitable enrollment. EOS analyzes outreach interactions entered into the EOS Portal, along with course request enrollment data, to highlight advocacy and outreach trends impacting equity.

EOS PORTAL: A secure online platform through which clients access their EOS data tools and analytics, including their Opportunity Charts, Outreach List, Student Insight Cards, and the range of data surfaced through the EOS survey process.

OPPORTUNITY CHARTS: Disaggregated views of current AP/IB/AICE participation highlighting specific student groups at the school who are furthest from equitable access.

SEMESTER 1 OR TERM 1 AP/IB/AICE COURSE GRADE ANALYSIS: A visual analysis comparing prior and current grade performance for underrepresented and first-time AP/IB/AICE takers, including successes and areas for focus.

AP EXAM REPORT: A visual analysis comparing year-over-year AP exam performance (as measured by number of students passing exams and pass rates).

ADDITIONAL TOOLS & RESOURCES UPON REQUEST

• Fall Staff Survey
• Student Experience Survey
• Equity Pathways Report
• Student Support & Belonging Report

AVAILABLE SUPPORT

PARTNERSHIP MANAGER (PM): A PM is assigned to each district to process manage major milestones, and provide guidance on tools and practices. Your Partnership Manager is available via email, phone, and web meeting.

A Cabinet-level district leader plays an increasingly essential role each year and works closely with EOS and your partner schools to ensure successful and sustainable implementation.
