

Dennis Melton Joins Equal Opportunity Schools as Chief Financial and Operations Officer

Equal Opportunity Schools has made a significant step forward in implementing our three-year strategic plan. In accordance with our strategic plan, we will bolster our Finance and Operations department.

We are incredibly pleased to announce that after a national search, we have selected Dennis Melton to lead our Finance and Operations department as our Chief Financial and Operations Officer. "We found the ideal leader to help EOS grow into the future," CEO Eddie Lincoln remarks. "We are so excited to have Dennis and his 25 years of accounting and finance experience on our team to help EOS continue moving towards becoming the best equity nonprofit in the country."

Dennis earned a degree in Administration and Accounting from the University of Washington Business School. Throughout his career, he has led accounting departments in various industry sectors, including timber, coffee, and technology. In his position, Dennis will help EOS develop a robust infrastructure and a set of processes to enable internal teams to work together to fuel the next stages of EOS' growth.
